

SuperBuild

SuperBuild is Shirts Across America (SAA)'s annual fundraiser that challenges trip volunteers to raise awareness in their communities about the ongoing recovery efforts in New Orleans. Proceeds from this special event goes directly towards building costs, participant materials, nonprofit partners, and partial scholarships for SAA trips and programs for need-based students.

Who is involved?

All 2024 SAA student volunteers are required to participate in SuperBuild.

What is the event?

SuperBuild is a walk in the Greater Seattle area for volunteers to educate their friends, family, and communities about why they are dedicated to helping families rebuild homes in New Orleans.

Through this annual fundraiser, SAA challenges volunteers to raise awareness in their communities about the work still to be done. SAA encourages volunteers to share their excitement and ask their friends and community to get involved and donate.

Student Volunteer Participation

Each volunteer is required to attend the walk on Saturday, January 13, 2024, and raise a minimum of \$175 prior to the walk. Students are encouraged to reach out to everyone except their parent(s)/guardian(s) for financial support UNTIL they have reached their minimum goal. Students must reach out beyond their comfort zone and educate others about their commitment to SAA's humanitarian mission.

Adult Volunteer Participation

Adult Volunteers are encouraged to join SAA the walk! Meet other Adult Team Leads as we begin our journey together.
